EXPERIENCE

Frontend Developer Intern, Next Step 07/2026 – Present | Banepa, Nepal

- Antarprrerana : Architected a role-based frontend for a women's entrepreneurship incubation platform using Next.js and TypeScript.
- Integrated NestJS REST APIs using Redux Toolkit (RTK Query) for efficient data fetching, state management, and real-time UI caching across multi-tier user roles (Super Admin, Admin, User).
- Developed analytical KPI dashboards, participant management workflows, and automated report generation modules (Excel exports).

SKILLS

Languages & Frameworks

- JavaScript, TypeScript, Python
- React.js, Next.js, Redux Toolkit, RTK Query
- HTML5, CSS3, Tailwind CSS, Bootstrap

Tools & Technologies

- Git & GitHub
- MySQL

Soft Skills

- Problem Solving
- Team Collaboration

EDUCATION

Higher Secondary (+2), Computer Science, Banepa NIST Secondary School 2024 – 2026
GPA: 3.81

SEE – General Studies, Gyan Sarovar English Secondary School 2024 – 2024
GPA: 3.84

CERTIFICATIONS

Web Development Course

- Next Step | Jul 2024
- HTML5, CSS3, JS, Responsive Design, Git, GitHub, Bootstrap

PROJECTS

Antarprrerana, Project Management System 07/2026 – 08/2026

- Frontend Architecture & Design: Built a role-based incubation platform using Next.js, TypeScript, and Tailwind CSS to streamline participant workflows, cohort tracking, and real-time KPI monitoring.
- State Management & API Integration: Integrated NestJS REST APIs using Redux Toolkit (RTK Query) for efficient data fetching, UI caching, optimistic updates, and automated report generation exports.

RapiReport, AI-Powered Healthcare Ecosystem 02/2026 – 02/2026

- AI & OCR Web Interface: Built a modern React SPA using Tailwind CSS and Zustand to integrate OCR text extraction (Tesseract.js) and Google Gemini API for automated medical report processing and bilingual insights.
- Interactive Telemedicine & Visuals: Implemented real-time health data visualization (Recharts), AI pose detection (TensorFlow.js) for physical therapy tracking, and user/doctor consultation dashboards.

CultureConnect, Cultural Marketplace & EdTech Platform 09/2025 – 02/2026

- E-Commerce & EdTech Frontend: Developed a dual-purpose web platform using React 19, Vite, and Tailwind CSS 4 featuring an artisan cultural marketplace and interactive course learning hubs.

- UI/UX & Animations: Implemented complex interactive UI elements using GSAP, Framer Motion, and Rive Canvas, paired with role-based routing (React Router 7) for dedicated Seller and Teacher dashboards.

ACHIEVEMENTS & AWARDS

Top 10 Venture – Harvard HSIL Hackathon (7th Ed.), Harvard T.H. Chan SPH	2026
Selected as a Top 10 global venture for an AI-driven healthcare solution, evaluated by international investors and domain experts.	
1st Position – NIST College Hackathon 2.0, NIST College	2026
Secured 1st place out of 15+ competing teams (including university-level participants) in an intensive 28-hour build.	
1st Position – IT Project Demo (ECA/CCA 2082), Banepa NIST Sec. School	2026
Awarded 1st place for exceptional technical architecture and functional implementation in the Class XII annual project showcase.	
1st Position – UI/UX Competition (ECA/CCA 2082), Banepa NIST Sec. School	2026
Won 1st place by designing user-centered UI/UX wireframes and high-fidelity prototypes focusing on accessibility.	
Top 19 – IdeaX Hackathon 2025 (MBMC), Madan Bhandari MC	2025
Shortlisted among the Top 19 finalist teams out of 120+ applicants nationwide to pitch in the final on-site round.	
2nd Position – IT Project Demo (ECA/CCA 2081), Banepa NIST Sec. School	2024
Placed 2nd overall in the Class XI annual technical project demonstration competition.
